

ATTENTION ALL PATROLLING MEMBERS

Following a meeting with SLS NSW the Committee have been directed to patrol all Saturday's, Sunday's and Public Holiday's for the whole 2009/10 season. We have agreed to this so as not to jeopardise funding for new buildings and the right to compete at Country, NSW and State Carnivals.

The Committee has decided to increase the number of Patrol Teams from 10 to 13 so that individual hours do not increase. In doing this we need to re-arrange/and/or create new Patrol Teams. There will be three new Patrols plus the existing ten. We are requesting members to consider a patrol change to cover the required patrol hours.

To collate and update this information we are asking that every member put their preferred Patrol Team and their Award information in the book located at the sign-on Patrol Log area. If you do not enter any information we may place you on a patrol as required.

Every effort will be made to accommodate members requests, but we need to take into consideration that every patrol must have the relevant awards and numbers covered; ie one Radio Officer, two IRB Drivers etc.

Members also need to be aware that 'first in best dressed' and if the spot for your relevant award/s is already taken you may be asked to take the position up on another patrol.

We would like to work together with all members to accommodate their requests wherever possible, so please provide us with this information as soon as possible so that we can begin working towards the best outcome for the whole of Shellharbour Surf Club.

The Committee would like to thank each and every member for their continued, ongoing voluntary commitment and advise you that it is greatly appreciated.

Patrols will consist of

Patrol Captain

Two IRB drivers

Two Crewperson

Two ARC

One Radio Operator

Bronze and SRC Holders
